Our United Efforts

Nearing completion on the bank of the East River in New York City looms the imposing new United Nations structure. Already it has become a symbol of hope to those nations striving for world peace.

As you endeavor to build your life's career, your prime objective—the one toward which all your talents and training is being geared at **CONCORDIA COLLEGE**—is to help make the world one through faith in Christ. The divine imperative that rests on us all is to point men to that "peace which passeth all understanding."

Your Synod-owned publishing house, one of the largest in the world devoted exclusively to religious publishing, is equipped to supply you with the modern tools and practical aids that will help make your per-

sonal part in the upbuilding of Christ's kingdom more easy and more effective.

Our unceasing ministry of print, coupled with your multiplied use of these Christ-centered materials, is a noble, soul-satisfying work, for our cooperative labors reach into the lives of countless thousands around the globe with the precious message that leads men to the one Unifier and Source of lasting hope and peace.

Our united efforts cannot and will not fail.

(The next time you are in St. Louis be sure to take an interesting, guided tour of your official publishing house.)
